We send out only the best tubers, have many testimonials from growers praising our stock, and we aim to make good. If you are not satisfied, notify us at once, as we desire to please.

LONG ISLAND is famous for the quality of its produce, and is acknowledged ideal for tubers and roots, and our stock is grown for roots, not forced for flowers.

Our fields are absolutely free from disease, all stock is produced under ordinary field culture, and two-horse cultivator does all hoeing except in show plots. OUR TUBERS HAVE ALL THEIR STAMINA RESERVED.
